History of Emory at Grady

- Atlanta Medical College affiliated with Grady since 1892.
- Emory founded in 1915—at which time A.M.C. became Emory University School of Medicine.
- Four contracts between Emory and Grady: 1930, 1951, 1984, 2013
- Early 1990s Morehouse joined Emory in providing physicians to Grady
Our Grady Operation

• On any given day there are about 1000 Emory physicians, students, residents and staff on the Grady Campus

• 370 Emory resident / fellow trainees in 58 accredited programs
  – This is about 1/3 of all the Emory students and residents here at any one time.

• 600 physicians contribute to 200 FTEs of on-site physicians each year
Our Grady Operation

- Cost of the operation: ~$121 Million
  - $92 Million from Grady
  - $29 Million from the EMCF (the Emory “practice” billing and collections entity
E @ G: Current Status

• Better business model at GHS
  – In 2005 Grady owed EU about $63Million
  – Currently GHS has paid most of this debt and there is only about $5 Million outstanding
  – Because of better billing and collections, increased eligibility enrollment,
